CORRECTION

The article “Using verb morphology to predict subject number in L1 and L2 sentence processing: A visual-world eye-tracking experiment” (Koch et al., 2021) contains a factual error, mistakenly included by the authors. In Table 1, the conjugation of “lachen” in 2PL is listed as “lach-en” when it should instead be “lach-t”. The correct table is below:

LACH-EN (“LAUGH”)	
1SG	lach-e
2SG	lach-st
3SG	lach-t
1PL	lach-en
2PL	lach-t
3PL	lach-en

The authors have brought this error to the editor’s attention.

COMPETING INTERESTS

The authors have no competing interests to declare.
